Notes for maximum accuracy:

- For 2-wire RTD, attach a third wire to module common.
- R+, R-, and COM wires to an RTD must be equal length and type. Refer to RTD manufacturer's recommendations.
- Do not use cable shield as sensing wire.
- When applicable, connect shield to RTD common only, otherwise connect to module common only. Do not connect shield to both ends.
- Jumper unused inputs to common.
